## SUMMARY

---

Data Analyst with hands-on experience in exploratory data analysis (EDA), SQL querying, Python-based analytics, and data visualization. Experienced in analyzing finance, business, and operational datasets to extract actionable insights, build predictive models, and support data-driven decision-making. Skilled in Power BI, Tableau, dashboards, KPI reporting, statistical analysis, and communicating insights to stakeholders across business functions.

## SKILLS

---

**Data Analytics** Data Analytics, SQL, Power BI, Tableau, Excel(Advanced), Data Cleaning, Exploratory Data Analysis, KPI Reporting, Dashboarding

**Programming & Libraries** NumPy, Pandas, Matplotlib, Seaborn, Scikit-Learn, Python, SQL Window Functions, CTEs, Joins, Subqueries

**Machine Learning** Machine Learning, Classification, Feature Engineering, Regression Models, Clustering, Model Evaluation

**Business Analytics** Business Analytics, KPI Tracking, Stakeholder Communication, Problem Solving, Reporting Analytics, Business Intelligence, Financial Analytics, Data Visualization

**Languages** English, Hindi, Tamil

## CERTIFICATIONS

---

**OCI 2025 Certified Data Science Professional**, Oracle

**OCI 2025 Certified Gen AI Professional**, Oracle

**OCI 2025 Certified AI Foundations Associate**, Oracle

**5-Day AI Agents Intensive Course with Google**, Google

**Mckinsey Forward Learner**, Mckinsey

## EDUCATION

---

**PGP in Data Science & Business Analytics**, Great Lakes Executive Learning & The University of Texas Jul '25 - Jul '26  
at Austin, McCombs School of Business (GPA: 8.85 / 10)

Varanda Race Institute

Aug '23 - Jun '25

Quantitative Aptitude & Analytical Reasoning Training

**MBA in Finance & HR**, M.O.P Vaishnav College for Women, University of Madras (GPA: 7.79 / 10) Apr'21-Apr'23

**B.COM in General**, C.T.T.E College for Women, University of Madras (GPA: 8.42 / 10) Nov '18 - Jul '21

**Higher Secondary in Commerce with Business Math**, Montford (GPA: 9.05 / 10) May '16 - May '17

**Secondary School in CBSE**, Vivekananda Vidyalaya (GPA: 9.05 / 10) May '14 — May '15

## EXPERIENCE

---

**Risk Dashboard Developer Intern** | Zetheta Algorithms Pvt Ltd | Remote Jan '26 — Present

- Worked on quantitative risk analytics and dashboard development projects involving systemic risk analysis, market sentiment tracking, and financial shock analysis using Python, SQL, and visualization tools.
- Performed data cleaning, exploratory data analysis (EDA), validation, and dashboard reporting on structured financial datasets to generate actionable risk insights and support analytical decision-making.

Dec '25 — Jan '26

### **Data Science Intern| Evoastra Ventures Pvt Ltd | Remote**

Performed ethical web scraping and data collection to build job market datasets. Cleaned, validated, and structured raw data using Python and Pandas Conducted EDA to identify hiring trends across roles, skills, and locations.

### **Data Analyst Intern| ElevateLabs | Remote**

Aug '25 — Sep'25

Completed 8 end-to-end data analytics projects using Excel, SQL, Python, and Power BI

Conducted real-world case study using primary survey data, from questionnaire design to insight reporting & Recognized as Best Performer for analytical quality and consistency.

### **HR Intern - Policy & Documentation | R&D Instrument Services Chennai**

Apr '23 — Jul '23

Developed and standardized HR documentation, evaluation forms, and reporting templates to improve process consistency and operational record management.

### **HR Intern| Ashok Leyland | Chennai**

Jan '23 — Mar '23

Built Excel dashboards to track recruitment pipelines and employee exits, improving reporting accuracy and workforce analytics.

### **HR Intern-Recruitment & Selection| R&D Instrument Services Chennai**

Jun '22 — Jul '22

Successfully coordinated the recruitment of 8 candidates within 3 weeks in the absence of a dedicated HR resource, managing sourcing, interview coordination, candidate evaluation tracking, and hiring workflows independently.

## **AWARDS**

---

### **Research Paper Presentation - Impact of Virtual Influencers in**

**Marketing** Ethiraj College for Women

Presented a research paper analyzing the impact of AI-generated virtual influencers on consumer engagement and digital marketing strategies, securing 2nd place at an intercollegiate research presentation competition.

### **3rd Place - Shinkansen Hackathon (Passenger Satisfaction Prediction)**

Great Learning

Secured Top 3 position in a 2-day Shinkansen Hackathon by building a machine learning model to predict passenger satisfaction using real-world travel data, achieving ~95.6% accuracy.

## **PROJECTS**

### **New-Wheels - Quarterly Business Performance Analysis (SQL Project), UT Austin**

- Built complex SQL queries (JOINS, CTEs, window functions, aggregations) on multi-table transactional data to generate quarterly KPIs on sales trends, customer feedback, shipment performance, and revenue insights.

### **INN Hotels - Booking Cancellation Prediction, UT Austin**

Performed exploratory data analysis and feature engineering on hotel booking data to identify patterns influencing booking cancellations. Built and evaluated classification models using Python to predict cancellation risk and provided insights to support revenue optimization and demand management.

### **Aadhaar Data Analysis & System Load Insights (UIDAI Hackathon), UT Austin**

Analyzed large-scale Aadhaar enrolment and update datasets using clustering and trend analysis to identify system load patterns and generate insights for resource optimization and scalability planning.

### **EasyVisa – Visa Approval Prediction using Machine Learning, UT Austin**

Built and optimized machine learning models using Python to predict visa approval outcomes, applying feature engineering, class imbalance handling (SMOTE), and ensemble techniques to improve decision-making accuracy.

### **Quantitative Risk Dashboard for Trading Strategies, Zetheta**

Built an interactive risk analytics dashboard using Python and visualization tools to monitor portfolio risk metrics, volatility patterns, and strategy performance for data-driven decision-making.
