Higher Secondary(Commerce with Business Mathematics), Kaligi Ranganathan Montford (86%) May '17

Secondary School (CBSE), Vivekananda Vidyalaya (86%) May '15

WORK EXPERIENCE

Risk Dashboard Developer Intern Jan '26 — Present
Zetheta Algorithms Pvt Ltd Remote

Worked on risk analytics projects involving data validation, dashboard development, and monitoring of financial indicators.

Developed dashboards to track key risk metrics and identify anomalies in datasets.

Performed data cleaning, validation, and testing to ensure accuracy and reliability of outputs. Collaborated on analysis of market sentiment and risk signals to support decision-making.	
Data Science Intern EVOASTRA VENTURES PVT LTD	Dec '25 — Jan '26 Remote
Performed ethical web scraping and data collection to build job-market datasets. Cleaned, validated, and structured raw data using Python and Pandas. Conducted EDA to identify hiring trends across roles, skills, and locations.	
Data Analyst Intern ElevateLabs-(Best Performer)	Aug '25 — Sep '25 Remote
Completed 8 end-to-end data analytics projects using Excel, SQL, Python, and Power BI. Conducted real-world case study using primary survey data , from questionnaire design to insight reporting. Recognized as Best Performer for analytical quality and consistency.	
HR Intern – Policy & Documentation (Contract-Based) R&D Instrument Services	Apr '23 — Jul '23 Chennai, India
Created and implemented HR policies, evaluation frameworks, and standardized documentation. Designed employee evaluation forms and surveys to enable structured qualitative feedback.	
HR Intern Ashok Leyland Ltd	Jan '23 — Mar '23 Chennai,India
Built Excel dashboards to track recruitment pipelines and employee exit processes. Digitized HR records and performed data validation to improve reporting accuracy.	
HR Intern R&D Instrument Services	Jun '22 — Jul '22 Chennai, India
Independently managed end-to-end recruitment operations in the absence of a dedicated HR. Successfully hired 8 candidates within one month across technical and support roles. Conducted resume shortlisting, cold calling, and candidate engagement via Indeed, FreshersWorld, and Apna .	

AWARDS

Research Paper Presentation — Impact of Virtual Influencers in Marketing|Ethiraj College for Women (2023) 2nd Place

3rd Place – Shinkansen Hackathon (Passenger Satisfaction Prediction) | Great Learning

PROJECTS

- Quantitative Risk Dashboard**, Zetheta Algorithms Pvt Ltd

 - Developed dashboards to monitor key risk metrics and identify anomalies in financial datasets. Analyzed trends and patterns to support risk monitoring and data-driven decision-making.
- Market Sentiment & Risk Indicator (Fear-Greed Index)**, Zetheta Algorithms Pvt Ltd

 - Built a sentiment-based indicator to quantify market behavior and risk appetite using multiple signals. Identified extreme conditions and potential risk patterns through data analysis and visualization.
- Systemic Risk Analysis**, Zetheta Algorithms Pvt Ltd

 - Worked on analyzing relationships between financial variables to understand risk propagation and interdependencies across systems. Interpreted patterns to assess potential cascading risk effects.
- New-Wheels – Quarterly Business Performance Analysis (SQL Project)**, University of Texas at Austin

 - Built complex SQL queries (JOINS, CTEs, window functions, aggregations) on multi-table transactional data to generate quarterly KPIs on sales trends, customer feedback, shipment performance, and revenue insights.
- HR Attrition Analysis**, ElevateLabs

 - Performed exploratory data analysis to identify key factors influencing employee attrition and workforce trends. Created visualizations to support retention strategies and HR decision-making.
- Employee Promotion Prediction Using Machine Learning**, The University of Texas at Austin

 - Built classification models using Python and scikit-learn to predict promotion eligibility Evaluated models using accuracy, precision, recall, and ROC-AUC.
